## Team Background

### Inaugural Season in 2025 + First ever Pro Soccer Team in Naples

- FC Naples joined USL League One as one of five expansion teams in 2025. In a town of just 20,000 residents, the idea of a professional soccer team was once unheard of. The closest professional sports team Naples had was the four-time, back-to-back Kelly Cup champions, the Florida Everblades. For soccer fans in Naples, attending a professional match meant a long drive—two hours to Tampa, two and a half hours to Miami, or, on a good day, three and a half hours to Orlando. This challenge didn't go unnoticed by club president and co-founder Roberto Moreno.

### The Community

- At the heart of FC Naples is the community. Before becoming FC Naples, the team engaged with locals, inviting them to share their ties to the city and contribute to the creation of the team's crest and official name. Fans had the opportunity to complete a survey and provide their input. This involvement continued with events such as a two-day fan fest, jersey reveal party and meet-and-greets, where fans could connect with the players, paint messages in the players' tunnel, and further strengthen the bond between the club and Naples. From the very beginning, the team's dedication to the community was evident.
- FC Naples' mission is to offer a world-class family experience while building a title-contending team that will become the pride of the city.

### 13 Nationalities

- Naples' current roster represents 13 different nationalities: USA, Croatia, Colombia, Argentina, Jamaica, Mexico, Nicaragua, Ireland, Italy, Germany, Spain, England, and Uruguay.
- Ten Players hold dual nationality.

Head Coach/ Sporting Director

Matt "Gaffa" Poland was named the Head Coach and Sporting Director of Naples Florida's first professional soccer team, FC Naples (USL 1) on July 17, 2024. In his role, Poland was charged with the rare opportunity to build a new club from the ground up, instilling the culture of professionalism and sportsmanship of the club. As the team began scouting local, national and international talent, Poland looked for more than good players, he looked for good players that would invest in the community that he loves.

Marco Island has been Poland's home base for the past 13 years, while his journey has led him to play professionally in European Clubs. He has also earned accolades as a coach in European and American leagues. During the off season, Poland's love of the game has kept him on the field coaching both girls' and boys' teams at Marco Island Academy, Naples United, and the Local U8.
